

TESIM

Technical support to the implementation
and management of ENI CBC programmes

Agenda of capacity building workshops for project lead applicants in Mediterranean CBC Partner Countries

17-18 June, Beirut (Lebanon)

Capacity building workshops on project development

ENI CBC MED Programme 2014-2020

In the framework of the strategic call for proposals of the ENI CBC MED Programme, TESIM, in close cooperation with the Managing Authority and the National Authority, is organizing a capacity-building workshop in Beirut on **17-18 June 2019**.

The main objective of the workshop is to **enhance the capacity of potential lead applicants** in developing good quality projects matching the award criteria of the call. During the workshop, practical exercises will be carried out on **building the project intervention logic, work-plan, budget and financial plan**.

Target groups

Potential lead applicants meeting the criteria presented in section 4.3 of the Guidelines for grant applicants.

Participation

The maximum number of participants will be 30. Priority will be given to those potential lead applicants who will attend (or will register to) the info day organized by the Managing Authority on the 11th of June 2019.

Participants are kindly requested to pre-register as soon as possible **on the TESIM website using the link provided in the invitation email**.

The workshop welcomes **one participant** per institution/organization within the limit of available seats. As for the specific focus of each day, different profiles can attend the event: **Project Management staff of potential applicants on day one, and financial management staff on day two**.

Training approach/ presenters

- **Contributors:**
 - Based on the structure of the application form of the 2nd call for proposals, **TESIM experts** will provide capacity building sessions that will be interactive and include practical work on project proposals and interventions from experienced project partners.
 - Contributions will be made throughout the sessions by the representative(s) of the **National Authority** and of **the relevant Branch Office**.
- The workshop language is English.
